

Table of Contents

CHAPTER ONE: INTRODUCTION AND PURPOSE.....	1
CHAPTER TWO: MASSACHUSETTS LANDSCAPE PERSPECTIVE: A HISTORY OF LAND USE IN MASSACHUSETTS.....	3
CHAPTER THREE: ISSUES AFFECTING BIODIVERSITY	9
A. HABITAT DESTRUCTION BY DEVELOPMENT	11
B. FRAGMENTATION BY DEVELOPMENT	15
C. SUPPRESSION OF FIRE AND OTHER ECOLOGICAL PROCESSES.....	23
D. EXOTIC INVASIVE ANIMALS.....	26
E. EXOTIC INVASIVE PLANTS.....	31
CHAPTER FOUR: OVERVIEW OF MASSACHUSETTS DIVISION OF FISHERIES & WILDLIFE	35
A. HISTORY AND STRUCTURE OF MASSACHUSETTS DIVISION OF FISHERIES AND WILDLIFE	35
B. THE MDFW APPROACH TOWARD PROTECTING BIODIVERSITY	37
1. <i>Natural Heritage and Endangered Species Program</i>	37
2. <i>Wildlife Section</i>	48
3. <i>Fisheries Section</i>	70
4. <i>Other Agency Programs</i>	82
CHAPTER FIVE: METHODOLOGY AND APPROACH.....	88
CHAPTER SIX: KEY SPECIES AND HABITATS IN GREATEST NEED OF CONSERVATION	103
A. SPECIES IN GREATEST NEED OF CONSERVATION.....	103
B. HABITATS OF SPECIES IN GREATEST NEED OF CONSERVATION	131
CHAPTER SEVEN: OVERVIEW OF CONSERVATION STRATEGIES	132
A. PROACTIVE HABITAT PROTECTION	132
B. BIOLOGICAL INFORMATION: SURVEYS, MONITORING, AND DATABASES	135
C. CONSERVATION PLANNING FOR CWCS HABITATS AND SPECIES	141
D. ENVIRONMENTAL REGULATION	145
E. HABITAT RESTORATION AND MANAGEMENT	147
F. COORDINATION AND PARTNERSHIPS.....	155
G. EDUCATION.....	159
CHAPTER EIGHT: OVERVIEW OF MONITORING SPECIES, HABITATS, AND CONSERVATION ACTIONS.....	161
A. BIOLOGICAL MONITORING OF SPECIES AND HABITATS.....	161
B. MONITORING THE EFFECTIVENESS OF CONSERVATION ACTIONS	181
C. ADAPTIVE MANAGEMENT	182
D. EXAMPLES OF MONITORING AND ADAPTIVE MANAGEMENT	185
CHAPTER NINE: CONSERVATION STRATEGIES, BY HABITAT.....	188
A. LARGE-SCALE HABITATS	189
1. <i>Connecticut River and Merrimack River Mainstems</i>	190
2. <i>Large and Mid-sized Rivers</i>	239
3. <i>Marine and Estuarine Habitats</i>	246
4. <i>Upland Forest</i>	252
5. <i>Large Unfragmented Landscape Mosaics</i>	260
6. <i>Pitch Pine/Scrub Oak</i>	267
B. MEDIUM-SCALE HABITATS.....	272
1. <i>Small Streams</i>	273
2. <i>Shrub Swamps</i>	280

3. <i>Forested Swamps</i>	285
4. <i>Lakes and Ponds</i>	291
5. <i>Salt Marsh</i>	294
6. <i>Coastal Dunes, Beaches, and Small Islands</i>	299
7. <i>Grasslands</i>	304
8. <i>Young Forests and Shrublands</i>	308
9. <i>Riparian Forest</i>	320
C. SMALL-SCALE HABITATS	326
1. <i>Vernal Pools</i>	327
2. <i>Coastal Plain Ponds</i>	333
3. <i>Springs, Caves and Mines</i>	337
4. <i>Peatlands and Associated Habitats</i>	342
5. <i>Marshes and Wet Meadows</i>	346
6. <i>Rocky Coastlines</i>	352
7. <i>Rock Cliffs, Ridgetops, Talus Slopes, and Similar Habitats</i>	357
CHAPTER TEN: SPECIES SUMMARIES	363
A. FISHES.....	364
B. AMPHIBIANS.....	398
C. REPTILES	408
D. BIRDS.....	435
E. MAMMALS.....	520
F. MISCELLANEOUS INVERTEBRATES	545
G. SNAILS	553
H. FRESHWATER MUSSELS	566
I. CRUSTACEANS	581
J. DRAGONFLIES AND DAMSELFLIES	596
K. BEETLES.....	643
L. BUTTERFLIES AND MOTHS.....	656
CHAPTER ELEVEN: SCHEDULE OF CWCS REVIEW AND REVISION	710
APPENDICES	711
APPENDIX A: MASSACHUSETTS ENDANGERED, THREATENED, AND SPECIAL CONCERN SPECIES	712
APPENDIX B: SPECIES INCLUDED IN THE BIOMAP PROJECT.....	730
APPENDIX C: SPECIES INCLUDED IN THE LIVING WATERS PROJECT	738
APPENDIX D: LAND ACQUISITION PROCESS	740
APPENDIX E: MASSWILDLIFE LANDOWNER INCENTIVE PROGRAM (LIP).....	744
APPENDIX F: ABBREVIATIONS AND GLOSSARY	747
APPENDIX G: INTERNET LINKS	752
APPENDIX H: WATERSHED MAPS	753

Table of Figures

1. Areas of Massachusetts forested in the 1830s.
2. USEPA Ecoregions of Massachusetts.
3. Forest and estimated interior forest areas.
4. Map of Massachusetts depicting the location of approximately 3000 dams.
5. BioMap Core Habitats in Massachusetts.
6. Percentage of Massachusetts' Acreage Identified as BioMap Core Habitat and Supporting Natural Landscape.
7. Percentage of Protected BioMap Core Habitat and Supporting Natural Landscape.
8. BioMap Report and Poster.
9. Living Waters Core Habitats.
10. Living Waters Report and Poster.

11. General Trends in Forest Stages on Massachusetts Forestlands.
12. Current vs. Desired Distribution of Forest Stages on Wildlife Management Areas.
13. Massachusetts Ecoregions.
14. Massachusetts ecoregions and major watershed boundaries.
15. DFW Forest Management Zones with Ecoregions.
16. Bird population trends in Southern New England, 1966-2002.
17. River Segment Locations in the Connecticut River Basin.
18. Connecticut River Segment 34-01.
19. Connecticut River Segment 34-02.
20. Connecticut River Segment 34-03.
21. Connecticut River Segment 34-04.
22. Lower Merrimack River Basin Drainage Area.
23. Marine & Estuarine Habitats under Massachusetts Jurisdiction.
24. Massachusetts Ecological Provinces.
25. Upland Forest in Massachusetts.
26. Interior Forest in Massachusetts.
27. Locations of Pitch Pine/Scrub Oak Communities in Massachusetts.
28. Shrub Swamps in Massachusetts.
29. Forested Swamps in Massachusetts.
30. Extensive Areas of Salt Marsh in Massachusetts.
31. Coastal Dunes, Beaches, and Small Islands in Massachusetts.
32. Percent early successional (seedling/sapling) forest in Massachusetts (U.S. Forest Service data).
33. Riparian Forest along Major Watercourses in Massachusetts.
34. Potential Vernal Pools in Massachusetts.
35. Certified Vernal Pools in Massachusetts.
36. General Locations of Known Bat Hibernacula in Massachusetts.
37. Locations of Marshes and Wet Meadows in Massachusetts.
38. Locations of Major Rocky Points and Coastlines in Massachusetts.
39. Locations of Some Rocky Cliffs, Ridgetops, Talus Slopes, and Similar Habitats in Massachusetts.

Table of Tables

1. Forest and estimated interior forest summary for Massachusetts.
2. Forest and estimated interior forest acreage summary for Massachusetts ecoregions.
3. Average distance between forest and estimated interior forest polygons for Massachusetts ecoregions.
4. Species in Greatest Need of Conservation.
5. Habitat Types for the Species in Greatest Need of Conservation.
6. Schedule of Monitoring Miscellaneous Invertebrates, Snails, Freshwater Mussels, Crustaceans, and Beetles.
7. Miscellaneous Invertebrate Habitat Surveys.
8. Schedule of Monitoring Dragonflies and Damselflies.
9. Dragonfly and Damselfly Habitat Surveys.
10. Schedule of Monitoring Butterflies and Moths.
11. Butterfly and Moth Habitat Surveys.
12. Schedule of Medium-Scale Habitat Monitoring.
13. Schedule of Small-Scale Habitat Monitoring.
14. Annual Harvest of Seaducks in Massachusetts.
